MR. Zhengqiu Cai:

As a JiLong Car, Inc. Chief Executive Officer, I would like to fill the position of general manager in your company. I would like to present my case and ambition to work for your company in pursuit of goals and targets at the end of each financial period. I have what it takes to work for this organization. From an academic perspective, I have been able to major in international business. I have been able to gain adequate information on the forms of management actions, as well as the engagement of the consumers in pursuit of competitive advantage and sustainability. Similarly, it is valuable to improve the understanding of the concepts of consumer behavior in the management context, thus the platform for the achievement of the organizational goals and targets. I will be able to use the acquired information in the course, Management Company, to enable the organization to achieve its goals and targets.

I have been took a part time job in your company for 1 year; so I can quickly blend in the environment of the company, also can quickly enter the work status. I also have adequate experience and skills in the exploitation of multicultural competence. From this perspective, I believe in the maximization of the issues of diversity rather than generating problems. I believe that in our joint efforts can help company quickly achieve its goals and targets. Please contact me at 509-715-9039, or feel free or email at dan.cai@wsu.edu. Thank you for your time.

Yours truly,
Dan Cai
